# Infant Cruizer

The Infant Cruizer makes leaving the house with baby a breeze. Transforms any infant carseat into a comfortable stroller. Attaching easily to any infant carseat, it safely holds it in place with a secure click and lock system and features sturdy, all-terrain tires, one-handed maneuvering and telescoping handle height. Simple to attach and detach, functioning just like the infant seat's base. The Infant Cruizer eliminates the strain and inconvenience of lugging heavy, bulky car seats, whether out and about or during travel. It can be purchased online at [www.gogobabyz.com](http://www.gogobabyz.com), via phone at 1.888.686.2552 or at retail stores.

Retails for  
\$199
