***Notes: Car Seats with Special Instructions**

Cosco Alpha Omega Series

The Alpha Omega 3-in-1 car seat has a removable base for certain situations such as airline use. The gogo Kidz Travelmate only fits with the base removed and the Thumbscrews positioned in the second hole from the top. See page 43 of Cosco owners manual to remove base and/or call us for instructions.

Below is the list of seats we have confirmed **DO NOT** fit with the gogo Kidz Travelmate at this time.

Recaro

The gogo Kidz was originally designed to connect to the metal clips on the side of the Recaro seat, but some designs of Recaro do not have these and many of them have been broken and not usable. In addition, we have found the newer Recaro seats have a very rounded bottom which prevents the gogo Kidz Travelmate from attaching properly.
